

PMK Civil Engineering Ltd

Glasgow City Centre – Fibre Install

Client – City Fibre Limited

Contract Conditions – NEC3 EEC Option B

- Civils, fibre install, testing, commissioning and customer connections.
- Supply and installation of all ducting, tape, tiles etc. as required by design.
- Installing chambers as required by design.
- Installation and splicing of cable and installation of fibre connections to properties as directed.
- Some of the major challenges on site were :- the busy city environment which meant working many weekends and evenings, very busy infrastructure already existing below ground (some of which were uncharted), some areas with surface types of historical significance.
